COLLEGE OF DENTISTRY

University of Florida's

College of Dentistry

is one of the top ten dental schools in the nation with recognized strengths in teaching, research and service.

ANNUAL REPORT

VISION

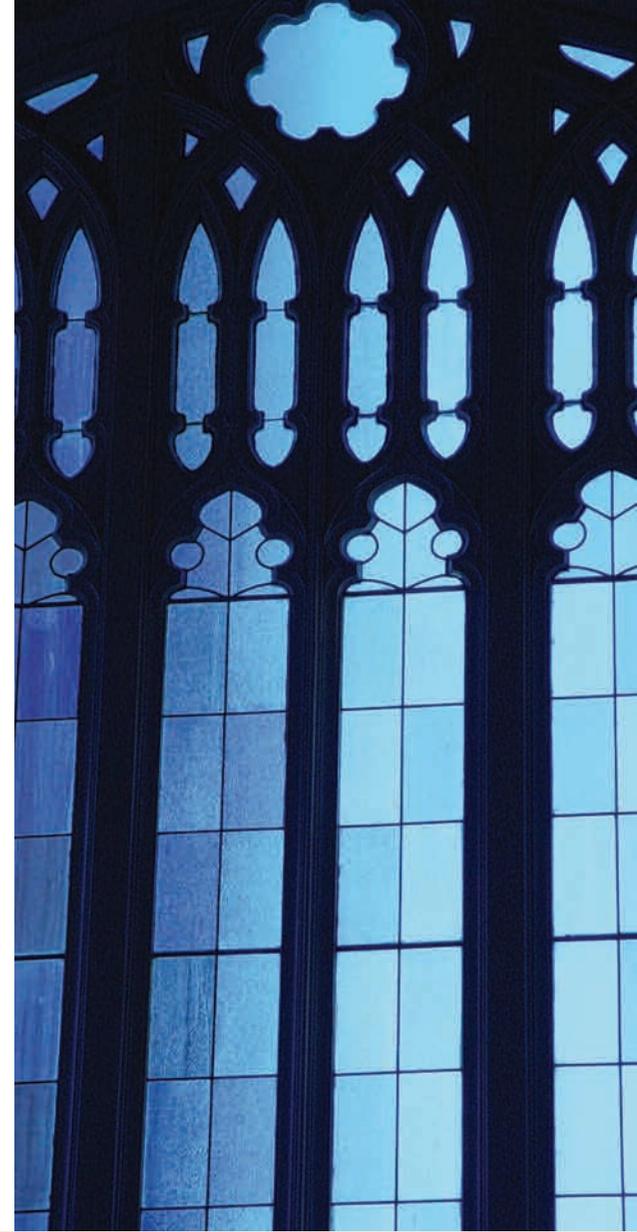

...to be an internationally recognized dental school known for an innovative educational program, commitment to cultural diversity, discovery, transfer of scientific knowledge, the superior skills of our graduates, and the highest degree of service.

MISSION

...to achieve excellence in the art and science of dentistry through teaching, research, and service.

UFCD AT A GLANCE

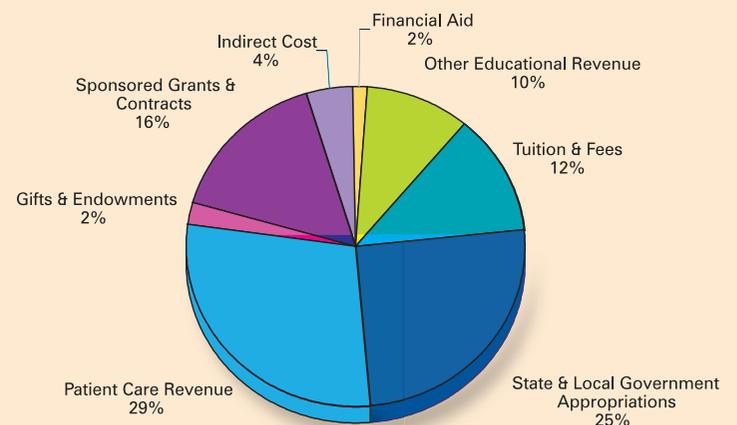

Students	448
D.M.D.	320
Graduate & Advanced Education	104
Foreign Trained Dentist	24
Faculty (all sites)	140
Degree Programs	16
Clinic Locations	Gainesville Jacksonville St. Petersburg Hialeah
Patient Visits	78,215
Operating Budget (FY04)	\$46.8M
Research Funding (FY04)	\$11.1M

2 0 0 4

Over the past 10 years, every aspect of college operations has experienced dramatic expansion in both size and complexity. This remarkable growth is reflected by the college's revenues, which have more than doubled from \$22.9 million in 1993 to \$46.8 million in 2004. In response, the college has aggressively developed and implemented a comprehensive strategic plan to assist in streamlining and improving operations.

Sources of Revenue: FY 03-04

EDUCATION

More than 90 percent of UFCD graduates remain in Florida to practice and 60 percent of all practicing dentists in the state graduated from UFCD

The College of Dentistry educates the state's future dentists and dental specialists through its 16 degree and certificate programs. Each year the college admits a new class of about 80 D.M.D. students consisting of individuals who are among the top pre dental students in the nation. In the past year the college has experienced a 40 percent increase in the number of applicants to its D.M.D. program, and the class entering in the fall of

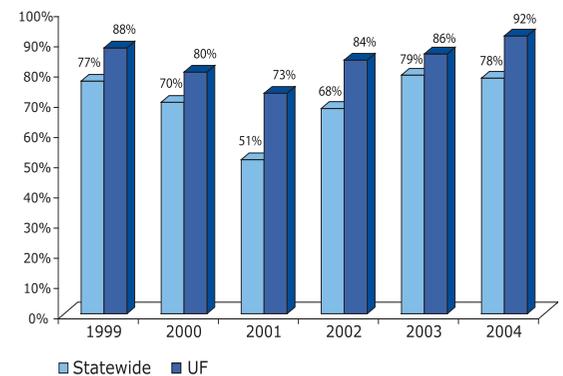

2004 was selected from a group of nearly 1,000 applicants. Students' performance on standardized examinations is a benchmark of the quality of our academic programs. The performance of the Class of 2006 on the NBDE – Part I was ranked 6th out of the 56 participating dental school classes. Concurrently, the Class of 2004 achieved a ranking of 21 out of 54 dental schools on its performance on the NBDE – Part II.

Academic credentials of students applying and enrolling in the D.M.D. program

Applicant Pool	1999	2000	2001	2002	2003	2004

SCHOLARSHIP AWARDS 2003-04

Marshall M. and Jeannette Butts Dewitt Scholarship Fund

Dental students with financial need who display academic achievement and motivation are eligible to apply for the scholarship.

- A total of \$99,000 was awarded to 33 students.

Andrew Abel Dental Scholarship Fund

Dental students who require financial assistance and display excellence in their academic and/or clinical endeavors are eligible to apply for the scholarship assistance.

- A total of \$12,000 was awarded to six students.

Krisia and Steve Rhoden Memorial Scholarship Fund

Students in the College of Dentistry, with special consideration to students from the Caribbean nations, including but not limited to Jamaica, are eligible to apply for the Rhoden Scholarship.

- One student was awarded a total of \$8,694.

William T. and Jackie C. Reid Scholarship in Dentistry Fund

Needy dental students with high scholastic averages are eligible to apply for the Reid Scholarship.

- One student received an award of \$4,000.

* Awards listed are predoctoral awards only and do not include loans or awards specific to departments.

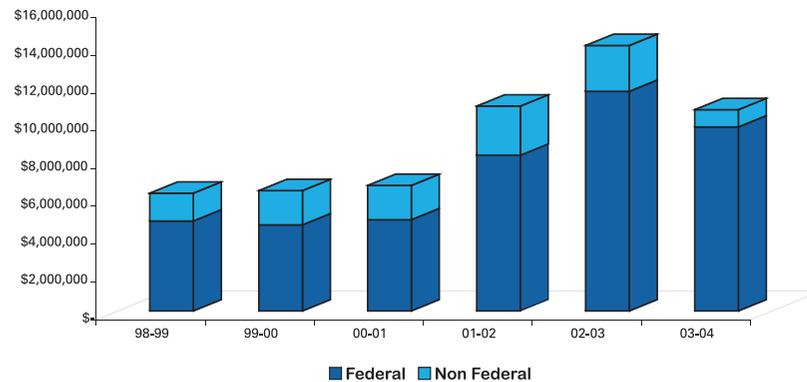

RESEARCH

The College of Dentistry currently RANKS NO. 4 among the 56 dental schools in the United States in federal funding for research. In addition, we are committed to seeking support for our research and training activities through industry and state funding.

The college is nationally recognized for its oral health research enterprise, emphasizing infectious diseases in dentistry, bone biology, pain and neurosciences, and translational research to improve clinical and dental care. We anticipate building on this reputation by recruitment of mid-career, top-notch basic scientists to achieve excellence in areas of established strength in the college while more closely aligning the college with key initiatives

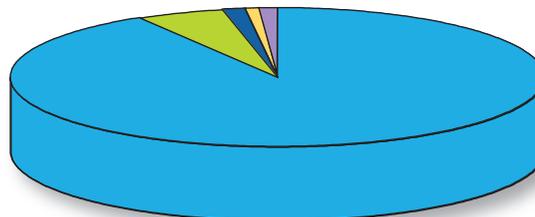

within the university and Health Science Center. These initiatives include genomics of infectious diseases, immunology, autoimmunity, biostatistics, cancer epidemiology and prevention, cell biology/cell signaling, and pain and neurosciences. We will also strive to recruit magnet investigators and junior investigators to provide a nucleus of clinical and translational researchers in areas where we presently have complementary strengths.

Research awards: FY 98-04

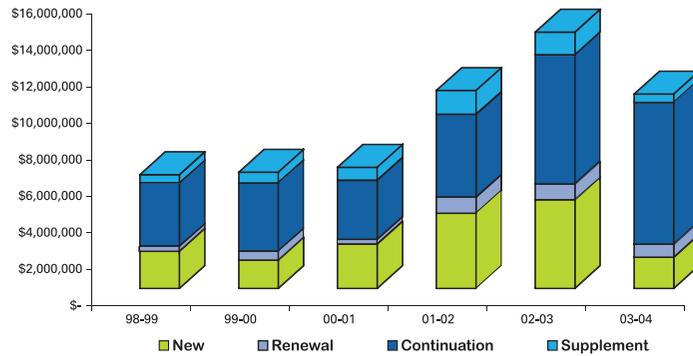

Research award funding sources: Fiscal years 03-04

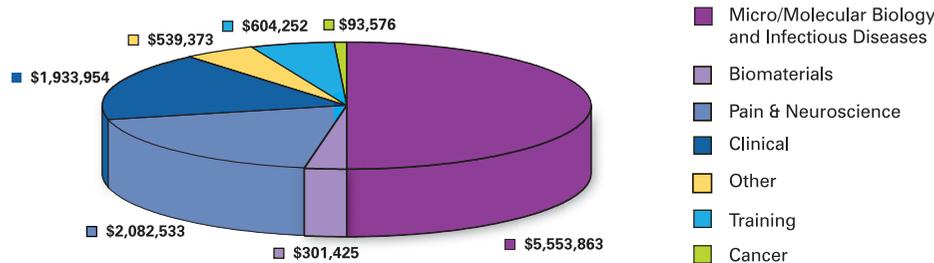

- Miscellaneous \$120,090
- Foundations \$94,880
- State \$148,166
- Industry \$542,611
- Federal \$9,753,229

Research awards by status: FY 98-04

Types of research

FACULTY RESEARCH AWARDS 2003-04

During the 2003-04 academic year there were more than 100 active sponsored research projects in the college. Our faculty received funding from federal, state, and corporate agencies and nonprofit foundations to conduct research in the areas of (but not limited to) oral biology, biomaterials, neuroscience, cancer, and public health. The recently awarded NIH/NIDCR infrastructure grant will increase and define future clinical studies in conjunction with enhancing our efforts in the realm of basic science. The awards listed below represent the diverse and innovative research efforts of our faculty.

FEDERAL

PI	Funding to date	Title	PI	Funding to date	Title

Britto L	\$14,312	Induction of Periradicular Healing in Dogs by OP-1
Gu J	\$87,255	Cold-sensing Molecules and Neuropathic Pain
Katz J	\$10,000	Antioxidants and Radiotherapy in Oral Cancer Therapy
Mjör I	\$74,140	Re-engineering Clinical Dental Research: Response to NIH/NIDCR RFA De-05-006
Riley J	\$10,000	The Effects On Pain Perception of a Second Noxious Stimulus

STATE

Robinson B	\$98,500	Suwannee River Area Health Education Center, Inc.
	\$10,000	North Florida Area Health Education Center Program
	\$15,000	Area Health Education Center Program
Stewart C	\$450,000	Center for Orphaned Autoimmune Disorders (COAD)
Williams W	\$553,213	CMS Craniofacial Network

SERVICE

UFCD is one of the largest providers of low-cost dental care to Florida's indigent residents – more than 70 percent of the college's patients have incomes at or below 200 percent of the Federal Poverty Level.

The College of Dentistry has a multi-faceted service mission encompassing patient care and community outreach and education. Through its Statewide Network for Community Oral Health, the college improves access to dental care for Florida's residents, focusing on vulnerable and indigent populations and special needs patients. The college has become one of the

largest providers of low-cost dental care in Florida, providing nearly 10 percent of all indigent care to Florida's residents through comprehensive state-of-the-art clinical services. Our students and faculty also give of themselves in providing free dental treatment to underserved populations during service missions abroad and at home.

Right: UFCD students embark on humanitarian service trips each year to the Dominican Republic, Ecuador and the Yucatan, Mexico. Operatories in the field may be a wooden chair in a schoolroom with no electricity, a bench under a thatched hut, or even a truck bed — no location is too primitive to be pressed into service. The students' largely rural patient base typically live very close to the land, and many have never before received dental care.

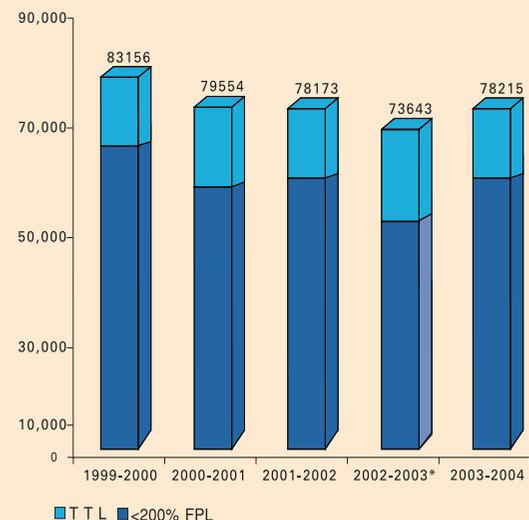

STATEWIDE NETWORK FOR COMMUNITY ORAL HEALTH

The Statewide Network for Community Oral Health is a unique statewide resource with the goal of providing clinical learning opportunities for dental students and residents while also improving access to dental services to the underserved.

UFCD patient visits

BUILDING FOR THE
FUTURE

UFCD is a top-tier dental school in terms of the quality of our academic programs and clinical service. Our greatest service challenge, however, is the college's aging physical plant and outdated equipment.

Since 1994, the college's dean's office has funded \$4,059,377 in renovations and purchase of clinic or audiovisual equipment. Departments have funded an additional \$872,368 in renovations and upgrades and the university recently allocated \$850,000 to support the renovation of the college's D3-3 classroom, clinic 1A and

the Craniofacial Center. These represent a total of \$5,781,745 in college improvements and we estimate another \$3.3 million will be needed to complete renovation of the Dental Sciences Building's clinical facilities. Of immediate need is \$600,000 to replace equipment in our student teaching clinics.

Completed construction projects and renovations, 2000 – 1st Qtr 2005

Project	Completion	Description	Cost
Implant Center D1-56-83	7/1/00	Renovation of Oral Surgery Clinic areas, creation of treatment rooms for the Center of Implant Dentistry and waiting room renovation.	475,000
Oral Biology Laboratory	9/1/00	Renovation of research laboratory space for Handfield, Hillman and Progulske-Fox.	270,131
Jr/Sr. Laboratory D3-31	12/1/00	Asbestos abatement and creation of a new laboratory providing "sit down" spaces with modern equipment meeting Americans with Disabilities Act requirements.	410,000
Perio office remodel D10-6	5/30/01	College funds were used to remodel office space to provide for more efficient utilization and additional faculty offices.	56,927
Pediatric Clinic Office D1-40	6/7/01	Renovation to provide a more "patient friendly" environment and to better allow for the collection of confidential patient information.	25,862
Craniofacial Center D3-39	9/1/01	For the first time, the Craniofacial Center has a "home," a dedicated clinic facility to house patient treatment and research.	500,000
Prosthodontics Clinic D3-40	2/1/02	Asbestos abatement, complete renovation and equipment upgrades to provide an attractive and comfortable clinic environment for patients, students, staff and faculty.	193,549
Classroom D3-3	2/7/02	Asbestos abatement and renovation to increase seating capacity and installation of modern AV technology.	489,999
Perio Clinic D2-17	12/15/02	Cosmetic renovation and equipment upgrades resulting in a comfortable and attractive environment for patients, students, staff and faculty.	195,075
Health Maintenance Clinic D3-19	12/15/02	Asbestos abatement, renovation and new equipment, to provide a clinic for the care of "recall" patients	266,055
Classroom D1-26	12/2003	Renovation and installation of modern AV equipment to create a more comfortable and esthetically pleasing meeting room for students, staff and faculty.	46,704
Classroom D3-21	12/2003	Renovation of this classroom and installation of modern AV equipment to create a more comfortable and esthetically pleasing meeting room for students, staff and faculty.	51,850
Faculty Lounge D8-46	12/1/03	Renovation and AV equipment installation for the faculty lounge to create a more comfortable and esthetically pleasing meeting room for students, staff and faculty.	58,680
Operative clinic D2-19	1/1/04	Asbestos abatement, complete renovation and equipment upgrades to provide an attractive and comfortable clinic environment for patients, students, staff and faculty.	325,000
West entrance & Dental Lobby	11/15/04	Complete renovation, asbestos abatement and installation of new fire sprinkler system. New carpets, ceiling, restroom areas, and remodel of the patient registration area to comply with HIPAA completed.	820,000
Orthodontic Grad Clinic D1	2/15/05	Complete renovation of reception area, business office, clinical facilities, sterilization, laboratory and clinical research area including all new equipment.	710,000

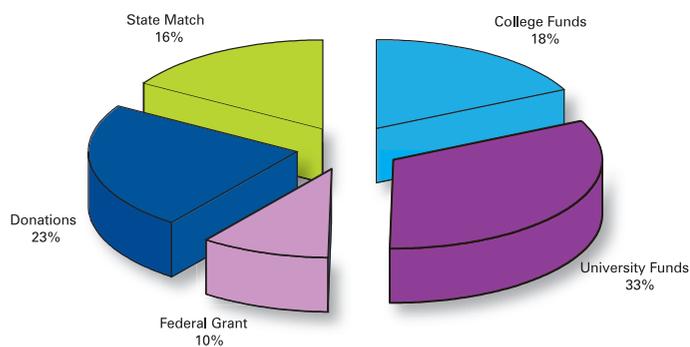

Fundraising for future projects

Project	Completion	Description	Cost	Amt Raised
Oral Medicine office D8-6	10/1/2004	Renovate	65,000	65,000
Treatment Planning Clinic D1-19	1/1/2005	Project to start December 15, 2004, expected completion April 30, 2005. Funding from Provost. Asbestos abatement, complete renovation and new equipment providing an attractive clinic for patients and a comfortable environment for students, staff and faculty.	350,000	350,000
Endo Clinic D1-17	1/1/2005	Renovate	125,000	75,000
St. Pete College Clinic	8/15/2005	New construction	4,000,000	3,765,000
Perio Clinic D2-17	1/1/2006	Renovate	50,000	50,000
Pedo Clinic D1-40	1/1/2007	Renovate	300,000	126,000

Groundbreaking for the college's St. Petersburg College clinic in Pinellas County began November 2004 and the clinic is expected to open in August 2005. Construction on the \$4 million project was able to begin due to private donations, local support from the Pinellas County Commission/ Department of Social Services in the amount of \$500,000, \$100,000 from the City of Seminole, a special federal appropriation of \$465,000 and monies raised by the sale of the college's existing clinic building in downtown St. Petersburg.

Sources of funding for facilities improvements

HONOR ROLL

This Honor Roll includes the names of all donors to the UF College of Dentistry from July 1, 2003 to June 30, 2004. If your name is not included and you think it should be, one of the following may be the reason it is not:

- The gift was made before July 1, 2003, (and was recognized in a previous report) or after June 30, 2004, (and it will be recognized in a future Honor Roll).
- You made a pledge instead of a gift and planned to fulfill your commitment after June 30, 2004. (Only actual pledge payments made between July 1, 2003 and June 30, 2004 are listed.)
- A personal gift was made using your company's check or letterhead. In this case, you may be listed in the corporate and organization section of the Honor Roll.
- We made a mistake. In spite of our best efforts, errors and omissions occur. If so, please accept our apologies and notify the UF College of Dentistry Development Office, PO Box 100217, Gainesville, FL. 32610-0217. Call 352-392-2946 or e-mail Cathy Jenkins, UFCD director of development at cjenkins@dental.ufl.edu.
