

2014 UF College of Dentistry Staff Retreat

To: UF College of Dentistry Staff,

Those of you who are fairly new to the college might not know that we typically organize a staff retreat once a year. We skipped last year in light of our financial situation but for 2014, it's back and I am very happy about that.

I believe that it plays an important role in the college's aim of recognizing the valuable contribution that our staff members make to our mission and achievements. This year, our agenda is focused heavily on updates related to our strategic plan and accreditation.

And, by the way, we have a special, surprise gift for all retreat attendees that will help keep you *covered during certain weather conditions*.

I am looking forward to seeing all of you at the retreat. If you haven't RSVP'ed yet and are planning to attend, please click here: [Staff Retreat RSVP](#).

If you work in our IT group, you won't be able to use the RSVP system, so please email [Michele Watson](#) and let her know if you're joining us.

Sincerely,
Boyd Robinson, D.D.S., M.Ed.
