<b>Current Action Items</b>	<b><u>Campus Outreach Proposal</u></b> Student consensus from the classes of 2018 and 2019 needs to be gathered in order for this proposal to move forward to the Clinical Affairs and Quality Assurance Committee. Sara Sardano and Andy Alvarez are responsible for gathering input from their respective classes and reporting back to the SAC no later than the June 2016 meeting. It is suggested that Sara and Andy work with Siri Seebunpang (c/o 2018) on presenting the proposal information to each class, perhaps during a class meeting.  <b><u>Clinic/Sim Lab Concerns</u></b> SAC student representatives will compile detailed lists of sim lab and clinical concerns. The reps should schedule sim lab and clinic walk-throughs with Richelle Janiec and Charles Lesch and update the SAC at the June 2016 meeting. <ul style="list-style-type: none"><li>• <b>Sim Lab</b> – Sara Sardano &amp; Andy Alvarez</li><li>• <b>Clinics</b> – Mahmoud Mona &amp; Alison Novakovic</li></ul>

Agenda	Information/Notes/Action Items
<b>Class of 2016 Concerns – Matt Novak</b>	None
<b>Class of 2017 Concerns – Mahmoud Mona</b>	None
<b>Class of 2018 Concerns – Andy Alvarez</b>	<p><b><u>Scooter Parking</u></b> The West Entrance and patient parking garage do not have enough scooter parking available to dental students.</p> <p><b><u>Access to Previous Year Recorded Lectures</u></b> As of now, class officers must request permission to view specific lectures, as needed. Is it possible for the classes to automatically have access to all recorded lectures from the previous year?</p> <p><b><u>Faculty Use of Smart Board Technology</u></b> Is there an update on encouraging professors to utilize the smart board technology while giving lectures?</p>
<b>Class of 2019 Concerns – Sara Sardano</b>	<p><b><u>Printing Services</u></b> Dental students currently lack convenient printing services, as students must travel to the Reitz Union to utilize their free printing quota. Is there a way for dental students to be able to print from the Health Science Center library, using their allocated free printing quota?</p> <p><b><u>New Water Fountains/Water Bottle Refill Stations</u></b> Students, faculty, staff, and visitors/patients would benefit from replacement of the poorly functioning, outdated water fountains on the third floor of the dental tower. Water bottle filling stations that double as water fountains are a suggested replacement. To the students’ knowledge, these stations are present only in the Communicore building.</p>
