Old Business	DEN6001, Introduction to Evidence-based Dental Practice Proposal DEN6415 Course Hour Integration mapping Clinical Endodontic form revisions Sequencing and Sustainability of Small Group Case-based Learning	<p>Ms. Childs and Dr. Sposetti met with Drs. Gold, Catalanotto and Tomar last week concerning the distribution of EBD in the curriculum. For summer 2015 Dr. Gold will move some content online. In planning for the next new class some online components will be migrated to other courses where small group case-based learning have been integrated.</p> <p>El-Kerdani reviewed the DEN 6415C course hour integration mapping document. Ms. Childs noted the changes will take place in DEN7433 in the 2016 courses.</p> <p>U. Nair reviewed the Endodontic clinical updates in ECO with the committee. The changes are being made in response to the mock site visit. It ensures every student will complete a multi-canal posterior tooth.</p> <p>Ms. Childs presented a list of issues regarding the goals and sustainability of Small Group Case-based learning. Dr. Culp noted the current cases have been maximized in the present curriculum. He encourages faculty to complete writing cases that have already been started but to not expect immediate implementation. Future plans would be to have 2-3 cases per year. Dr. Lense inquired if residents could participate.</p>	<p>Motion: Approve the changes noted in the DEN 6415C Course Hour Integration document for 2016 courses (Cooper / Culp) Approved.</p> <p>Information Item</p> <p>It was suggested Dr. Culp explore with Program Directors the possibility of case writing and facilitation as part of their residency.</p>
