CHAIR SEARCH
DEPARTMENT OF RESTORATIVE DENTAL SCIENCES
UNIVERSITY OF FLORIDA COLLEGE OF DENTISTRY

The UF College of Dentistry is one of the leading dental schools in the United States and is dedicated to improving and promoting oral health throughout Florida, the nation and worldwide through excellence in teaching, research, patient care and service. The college is committed to a humanistic culture fostering an environment that promotes communication, collaboration, cultural diversity and internationalization, health and wellness.

Responsibilities Include

- Fiscal and administrative management of the department and its divisions, including the generation and use of clinical revenue, foundation funds, indirect cost returns, and other resources.

- Ensuring that the department and its divisions allocate faculty and resources to meet academic and clinical needs of the DMD program.

- Leading the development and implementation of the department’s strategic plan in consultation with the dean and in a manner consistent with the strategic goals of the college, health science center and university.

- Taking a strong leadership role in education, research, and patient care missions of the department.

- Faculty recruitment, mentoring, professional development and evaluation.

- Overall responsibility for the preventive and restorative component of dental faculty practice.

- Ensuring a culture of excellence, collegiality, collaboration among divisions and departments within the college.

Essential Job Functions

The department is responsible for a significant portion of the DMD curriculum.

UF Health

The UF Health Science Center and its six colleges (Dentistry, Medicine, Nursing, Pharmacy, Public Health and Health Professions, Veterinary Medicine) are co-located on the Gainesville campus, with additional teaching, research, and patient care sites in Jacksonville, Orlando, elsewhere across Florida, and internationally.

There are extensive opportunities across UF and the HSC, which includes nine institutes and centers for collaborations in research, patient care and interdisciplinary professional education. Gainesville offers an unparalleled college town environment with outstanding public and private schools, affordable housing, superb year-round recruitment opportunities and a temperate climate.

UF is an Equal Opportunity Institution dedicated to building a culturally diverse and inclusive faculty, staff and student body. The selection process will be conducted in accordance with the provisions of Florida’s “Government in the Sunshine” and Public Records Laws.

Search committee meetings and interviews will be open to the public, and all applications, resumes, and other documents related to the search will be available for public inspection.

Minimum Qualifications

- DDS/DMD or equivalent dental degree and qualified to be appointed at the associate professor or professor level at UFCD. Additional advanced education training or advanced degree preferred. Academic rank and tenure will be commensurate with experience and accomplishments.

- Must be a recognized and experienced leader in academic clinical dentistry and have at least five years of administrative experience in academic settings.

- Demonstrated leadership, interpersonal skills, communication, collaborative and team building skills. A record of scholarly accomplishments and experience with interdisciplinary clinics is also highly desirable.

- Commitment to innovation in education, research and patient care.

To Apply

The review of applications will begin immediately and will continue until the position is filled. To apply, please go to https://jobs.ufl.edu and search for requisition number 495044.

Applicants should attach a curriculum vitae, cover letter describing their interest in the position, and three references.

With questions, please contact Christina Perez. 352-273-5785 / cperez@dental.ufl.edu
