The University of Florida College of Dentistry (UFCD) is recruiting a full-time, non-tenure accruing Clinical Associate Professor in the Department of Periodontology. The University of Florida College of Dentistry (UFCD) is one of the leading dental schools in the United States devoted to improving and promoting oral health throughout Florida, the nation and worldwide through excellence in teaching, research, patient care and service.

Responsibilities for this position will center on pre-doctoral and graduate level didactic, pre-clinical and clinical instruction, participation in intramural faculty practice, and include opportunities for research collaboration. The position’s requirements include: a DDS, DMD or equivalent degree, advanced training in Periodontology specialty from a CODA-accredited postgraduate Periodontology program, American Board of Periodontology certification and eligibility for licensure in the State of Florida. Preferred qualifications include: a Florida Dental License, conscious sedation certification, training and experience in oral implantology, advanced surgical techniques, clinical research and previous teaching experience.

The University of Florida is an Equal Opportunity Institution dedicated to building a culturally diverse and inclusive faculty and staff. The selection process will be conducted in accordance with the provisions of Florida’s “Government in the Sunshine” and Public Records Laws. Search committee meetings and interviews will be open to the public, and all applications, resumes, and other documents related to the search will be available for public inspection.

Initial review of applications will begin immediately and will continue until an application pool is identified. To apply, please go to https://jobs.ufl.edu and search for requisition number 496342. Applicants should attach curriculum vitae, a cover letter describing their interest in the position, and a list of three references with their application for consideration.
