Agenda	Item	Presenter/Discussion	Action/Motion	Timeline
Minutes	Minutes	The committee reviewed the April 7, 2016, minutes.	The minutes were not approved since a quorum was not in attendance. The minutes will have an email sent to approve the April 28, 2016, minutes.	
Oral Diagnostic Sciences	Student Assessment Course Review	Dr. J. Katz, Dr. D. Cohen, Dr. I. Bhattacharyya and Dr. C. Stewart provided an overview of student assessment in the Oral Diagnostic Sciences courses. Their competencies are pass/fail. See handouts	The committee would like to revisit DEN 6260 and the possibility of returning it to a semester long course at the next Curriculum Committee meeting April 28, 2016.	
Student Recommendations		None		
Curriculum Management	DEN 6351 , Oral Pathology Debriefing Summary	Dr. Gibbs informed the committee Dr. Cohen touched on some of the points mentioned in the debriefing summary. The “Stumping the Stars” Socratic method was not favored by the students.	The committee felt the “Stumping the Stars” should be continued in conjunction with recommendations to fine tuning the exercise.	
Workgroup Update	Syllabus Workgroup, Semester 10	Dr. Gibbs reported to the committee the workgroup met April 19, 2016, and more information would be shared at the following Curriculum Committee meeting. It was felt this was a more effective way of evaluating the courses and reporting back to the committee the results. The only disadvantage would be scheduling.
