Agenda	Item	Presenter/Discussion	Action/Motion	Timeline
Minutes	Minutes	The committee reviewed the March 10, 2016, minutes.	Motion: Approve the March 10, 2016, minutes. (Wallet/Hardeman) Approved.	
Pediatric Dentistry	Student Assessment Course Review	Dr. D. Barnes and Dr. S. Howard provided an overview of student assessment in the Treatment Planning courses. Their clinical competencies will transition to pass/fail for the class of 2018. See handout	The Department will review their current grading on the Completed Case Presentation rubric and the weighting of competency assessment in the final course grade.	
Student Recommendations	Attendance and Quizzes	P. Patel conducted a survey with her class regarding attendance and quizzes. The summary from 17 students indicated a preference for watching class online because they could do it at their own pace and experience attention span lag as occurs in some class. Some of the class reported they learned better by attending class. The class recommended pop quizzes and mandatory attendance should not be part of the grading due to different learning preferences. However, extra credit was appreciated by the students as an incentive to attending class.		
New Business	Proposed Course Revision – DEN 6502, Prevention and Public Health Dentistry Elective Proposal, DEN 8290, Evidence-based Dentistry Seminars	Dr. Dilbone reported no changes are being made for this year other than a few changes in participating faculty. G. Childs presented the draft ECO syllabus for Dr. Gold. This would be a weekly small group discussion focused on critical review of the literature. The future dentistry library liaison would also participate in this course. It would encompass 1	Motion: Approve the DEN 8290, Evidence-based Dentistry Seminar elective (Nair/Gibbs) Approved.	

	DEN 8960L Clinical Outcomes – Spring 2016 CDCA / Florida Licensure Exam Outcomes	hour of reading and 1 hour of group study of the literature. The elective would be 2 credits. G. Childs reported to the committee the current outcomes for DEN 8960L, Clinical Examination 2 (Mock Board). See handout. Dr. Sposetti referred to the handouts for the NBDE licensure outcomes for classes of 2015 and 2016. The Class of 2016 passing scores were higher than the Class of 2015.	Dr. Dilbone will add data for Operative Dentistry for the last 3 years.
