Student Recommendations	TEAM Student Pairing	<p>Students expressed some advantages and concerns regarding the clinical pairing program now that they have been in it for two months. Positively, patients are being screened and clinical care is being provided. A major concern for 4DN students is their ability to mentor 3DN students and also complete their own clinical expectations. Clinical faculty seem to know less about the new clinical pairing than the students and there is a lack of standardization across TEAMS in it's implementation.</p> <p>A workgroup was appointed to further research these concerns and develop suggestions to present back to the Curriculum Committee.</p> <p>Workgroup members: Dr. Dilbone, Dr. Howard, Dr. Guelmann, Dr. Nair, L. Steinberg + one other 4DN, N. Guanche + one other 3DN, Dr. Sposetti. Dr. Guelmann will recruit one patient coordinator.</p>	<p>Action Items:</p> <ul style="list-style-type: none"> ➤ Dr. Guelmann will send the name of a patient coordinator. ➤ Nelson Guanche will send the name of another 3DN. ➤ Lauren Steinberg will send the name of another 4DN. ➤ The OOE will schedule this workgroup meeting when the additional staff and student names have been sent.
