

	DEN5320C-Foundations of Patient Care DEN6440, Introduction to Oral Surgery (Part I) Semester 11 Syllabi Review	<p>G. Childs reminded the committee that this course had several early missed classes. Students at the debriefing felt a better overview of the course is needed. The emergency preparedness material needs to be updated. Students felt the interprofessional activity with the physical therapy students on patient transfers was a great experience. It was also suggested to schedule the final exam closer to the end of the course. Dr. Dilbone noted the course will be revised next year and have a new course director.</p> <p>G. Childs summarized from the debriefing handout to keep the course as it currently is, to enhance the learning opportunities through surgical videos and space the finals during finals week a bit more evenly.</p> <p>Dr. Gibbs, Dr. Dilbone, SD Nelson Guanche volunteered to participate in this syllabus review.</p>	<p>Action Item: The Office of Education will review the final exam scheduling for Fall 2016 and Spring 2017.</p> <p>Information item.</p> <p>Action Item: The Office of Education will schedule this syllabi workgroup review.</p>
Updates	UFCD Competency Revision Proposal and the Revised Mediasite Guideline Proposal	These actions were presented to the Faculty Advisory Board on July 22, 2016 and will be presented at the September Faculty Assembly.	Information Item
New Business	2016-2017 Committee Charge from the Dean Faculty Evaluation Workgroup recommendation to FAB	In process G. Childs reviewed the Spring 2016 faculty evaluation student response rates to clinical courses, which continues to be very low. After a brief discussion it was suggested to refer this issue to FAB so that they could develop a college wide workgroup to further evaluate this process and make recommendations to this University driven process.	Pending <p>Motion: Send to the FAB the recommendation to create a college faculty evaluation Workgroup to review the faculty evaluation process and make recommendations to the College and/or University. (Hardeman / Guelmann). Approved</p> <p>Action Item: Dr. Dilbone will send this communication to the Faculty Advisory Board.</p>
Upcoming Item	NBDE and Graduation Requirements Across other Programs - Update	Dr. Sposetti reviewed the timeline for the INBDE implementation noting the important part of the process is when the availability of Part 1 ends. It is anticipated the Class of 2023 will be the first UFCD class to take INBDE.	Information Item
