Agenda	Information, Notes, and Updates
<b>Class of 2021 Items – Megan Guerra</b>	No reported items to discuss.
<b>Class of 2022 Items – Catherine (Jenny) King</b>	<ol style="list-style-type: none"><li>1. “I love the reusable gowns in the clinic – are there reusable bibs or bouffants available? Also, sometimes students don’t know what materials can be saved if unused. They will throw out unused lidocaine, floss and 2x2 just to be safe (if a patient cancels) but it was never touched. I want to ask what really needs to be disposed of and what can be disinfected and returned. Can we receive information about this?”</li><li>2. With mission trips cancelling – we need more opportunities for electives because mission trips count as electives.<ol style="list-style-type: none"><li>a. Case-based elective proposal – a lot of classmates felt like they learned a great deal during the mock oral exams from our treatment planning course. The elective would be centered on 1 case per zoom class and discuss 10 topic questions from each specialty (10 zoom class meetings). This could prepare us for clinic and boards part 2.</li><li>b. I discussed this idea with Dr. Nascimento (our class advisor) and she thought it was a great idea.</li><li>c. Need to find a faculty to lead this – potentially a team leader?</li></ol></li><li>3. Consolidation of the ECO, CANVAS and Google Sheet calendars — linkable to our phone and computer calendars<ol style="list-style-type: none"><li>a. There are still documents on ECO that are not available on Canvas – this requires students to check both sites.</li></ol></li><li>4. “I understand that our community service requirements can now be rolled over. But, I do not believe it is safe to volunteer at the moment. Is there an update on the community service requirements?”</li></ol>
<b>Class of 2023 Items – Drew Anderson</b>	No reported items to discuss.
<b>Future Meetings</b>	The committee is required to meet at least twice per semester. The committee should discuss and decide on meeting frequency.
<b>Adjournment</b>
