

**Agenda: Student Affairs Committee**

**Date: February 9, 2017**

**Time: 12:00pm**

**Location: D3-21**

Agenda	Information/Notes/Action Items
--------	--------------------------------

**Present:**

**Absent:**

<b>Committee Charge</b>	Review the Student Affairs Committee charge from the Dean.
<b>Call to Order/Minutes</b>	Call meeting to order. Review minutes from April 15, 2016.
<b>Old Business/Updates</b>	<p><b><u>Campus Outreach Proposal</u></b> In February 2016, a proposal was made to increase the visibility of the University of Florida College of Dentistry as a treatment center through on-campus outreach. Inserting dental health care booths into UF main campus activities and fairs can offer more experience to first and second year dental students. It could also bring in new patients to the College of Dentistry, making it beneficial for the College as a whole. The committee discussed the need for faculty support in order for this project to be sustainable. The SAC was supportive of the proposal, but felt that it was better suited for the Clinical Affairs and Quality Assurance Committee. The SAC will gather student feedback and interest in the project. If supported by the students, Dr. Wallet and Siri will take the proposal to the CAQAC.</p> <p><b>UPDATE</b> - Sara Sardano, former Class of 2019 representative, expressed that a number of her classmates were supportive of this outreach program. No word on the Class of 2018 response.</p> <p><b><u>Clinic/Sim Lab Concerns</u></b> Concerns of sim lab and clinic cleanliness were discussed at previous meetings. The Office of Clinical Affairs agreed to schedule deep cleanings of the clinics and sim labs during student break weeks. It was also emphasized that sim lab or clinical concerns be brought to the student representatives on the Clinical Affairs &amp; Quality Assurance Committee. The SAC student reps scheduled walk-throughs of the sim lab and clinics to better identify areas of concern.</p> <p><b><u>Access to Recorded Lectures from Previous Years</u></b> The Curriculum Committee approved student access to recorded lectures from previous years. All students should be able to access these lectures via ECO/Mediasite.</p>

**Agenda: Student Affairs Committee**

**Location: D3-21**

Agenda	Information/Notes/Action Items
	<p><b><u>Faculty Use of Smart Monitor Technology</u></b> Marc Turchin has a short instructional video on how to use the Annotate system on the Smart Monitors. Is this still an issue for students during lectures/watching recorded lectures?</p> <p><b><u>Printing Services</u></b> There is a lack of convenient printing services at the Health Science Center. Dental students must go to the Reitz Union to utilize their free printing quota (300 pages). It was proposed that the SG representative from UFCD advocate for this service to also be available in the HSC Library.</p> <p><b><u>New Water Fountains/Water Bottle Refill Stations</u></b> The cost of a single proposed fountain/filling station is approximately \$950. The Physical Plan Division, who would need to fund this project, maintains the water fountains in the Dental Science Building. According to Charles Lesch, PPD will not fund the replacement of water fountains in our building. UFCD will need to find a funding source to move forward with the replacement.</p>
<b>Class of 2017 Concerns – Mahmoud Mona</b>	None
<b>Class of 2018 Concerns – Mimi Nguyen</b>	<p><b><u>Scooter Parking</u></b> Student parking, specifically scooter parking has been removed from the West Entrance of UFCD and the first (closest) patient parking garage. There is scooter parking in the garage behind the first one, however it is further in distance and limited in number of spots.</p> <p><b>NOTES</b> – The Parking and Transportation Advisory Committee meets every 2<sup>nd</sup> Tuesday of the month at 2pm. Cynthia Brochu is the Health Science Center representative on that committee. There are currently no HSC students on the committee. Anyone is free to attend these meetings. Ron Fuller (<a href="mailto:rcfuller@ufl.edu">rcfuller@ufl.edu</a>) is the contact if we want to be put on the agenda.</p> <p><a href="http://parking.ufl.edu/parking-at-uf/parking-transportation-committee/">http://parking.ufl.edu/parking-at-uf/parking-transportation-committee/</a></p>

Agenda	Information/Notes/Action Items
--------	--------------------------------

	<p><b><u>Study Spaces</u></b> There are suggestions that the Blue Room be brought back as a student study space, as plans to convert it into offices have reached a stand still. It is currently unused and vacant. The Blue Room was once highly utilized, particularly by dental students.</p> <p><b><u>Graduation Caps</u></b> There is expressed interested among the Class of 2018 to replace the mortar cap to the doctoral tam for the 2018 Commencement ceremony. The class will vote on the replacement over the Summer semester.</p> <p><b><u>MDL-3 Renovation Update</u></b> Dr. Probert to provide update.</p>
<b>Class of 2019 Concerns – Eugene Rowell</b>	See attached list
<b>Class of 2020 Concerns – Onni Franco</b>	ECO Organization Organization of documents, folders, etc. is desired for class materials.
<b>Future Meetings</b>	Committee to decide on frequency of future meetings
<b>Adjournment</b>
