Class of 2022 Concerns – Catherine (Jenny) King	1. "When will the student lounge be back open?"
Class of 2023 Concerns – Drew Anderson	No concerns
Class of 2024 Concerns – Andrea Nazari	<ol style="list-style-type: none">1. Can we look into having any CE courses taught in Jr Sr lab?2. Issue with occlusion final exam. Throughout the semester there has been many issues, mainly grammatical issues. This was a problem with both lecture content and testable material such as the quizzes. The final exam had issues such as this and also had questions where the material was not covered in lectures then tested on. Can quizzes and exams be checked for grammatical and content errors before release?3. Any word on if the student lounge will be opening soon?4. Influence of subjectivity and bias on psychomotor grading as a result of the students self-scores.<ul style="list-style-type: none">○ While grading psychomotors are already subjective, I propose we remove some influence that our graders succumb to (whether knowingly or not) by keeping the students' self-scores hidden until it is time to match up the grades for awarding "+" marks.
