The UF College of Dentistry is the only publicly funded dental school in Florida and a national leader in dental education, research and clinical care.

About 90 new dentists and 56 dental specialists graduate each year, with most choosing to practice in Florida. The college is one of three in the U.S. with residency training in every dental specialty recognized by the American Dental Association. The college offers specialized programs in dental public health, endodontics, oral and maxillofacial pathology, oral and maxillofacial radiology, oral and maxillofacial surgery, orthodontics, pediatric dentistry, periodontics and prosthodontics.
