Assistant/Associate/Full Professor  
Department of Oral Biology  
Position #: 00020472

The Department of Oral Biology ([https://dental.ufl.edu/departments/oral-biology/](https://dental.ufl.edu/departments/oral-biology/)) is seeking applications for a full-time, tenure-track faculty position at the rank of Assistant, Associate or Full Professor in the area of Immunology/Host Response. Applicants must have a demonstrated record of expertise and productivity in areas that may include host cell interactions with microbial pathogens or commensals, autoimmunity, oral/systemic health connections, oral cellular biology, chronic inflammatory diseases, adaptive immunity to pathogenic organisms or cancer immunology. The incumbent will work closely with College of Dentistry faculty and will be expected to establish collaborations with other Colleges, Institutes and Centers at the University. Minimum requirements include a PhD or equivalent, and individuals holding both a DMD and PhD will be considered. Applicants for Associate/Full Professor should have a demonstrated ability to develop an independent and interactive research program with a strong and consistent record of external funding and quality peer-reviewed publications. Salary and academic rank are commensurate with credentials and experience. Anticipated start date is mid-2019.

The University of Florida, a member of the AAU, is the largest and most comprehensive public university in the State of Florida, with large undergraduate, graduate, and postgraduate educational programs. The UF Health Science Center and its six colleges (Dentistry, Medicine, Nursing, Pharmacy, Public Health and Health Professions, Veterinary Medicine) are co-located on the Gainesville campus, with additional teaching, research, and patient care sites in Jacksonville, Orlando, elsewhere across Florida, and internationally. Gainesville offers an unparalleled college town environment with outstanding public and private schools, affordable housing, superb year-round recruitment opportunities and a temperate climate.

The review of applications will begin immediately and will continue until the position is filled. To apply, please go to [https://jobs.ufl.edu](https://jobs.ufl.edu) and search for requisition number 42989. Applicants should attach curriculum vitae, cover letter describing their interest in the position, a statement of present and future research interests, and a list of three references with their application for consideration.
