MAXILLOFACIAL PROSTHETICS PROVIDERS

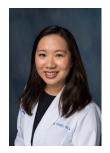

Joy Wang, D.D.S., M.S.

Dr. Joy Wang received her dental degree from the University of Buffalo; a certificate in prosthodontics and master's of science from the University of Texas Houston; and completed a fellowship in oral oncology and maxillofacial prosthetics at M.D. Anderson Cancer Center in Houston.

Angela Wong, D.M.D., M.S.C.

Dr. Angela Wong earned her dental degree and a certificate in prosthodontics from the University of British Columbia; and completed a fellowship in oral oncology and maxillofacial prosthetics at M.D. Anderson Cancer Center in Houston, Texas.

Robert Mann, C.C.A., C.D.T.

Robert Mann is a certificated clinical anaplastologist. He received his diploma in dental technology at Mount Lawley Technical College and was trained in anaplastology at the Royal Perth Hospital in conjunction with the Claremont School of Art and Design. Anaplastologists create custom-designed prostheses such as ears, eyes, noses, fingers and toes to restore missing anatomy due to cancer, trauma or congenital conditions.

APPOINTMENTS

New patients should be referred by their head and neck surgeon or radiation oncologist.

Referrals are accepted by our maxillofacial prosthetic service treatment coordinator: Abby Hyvarinen AHyvarinen@dental.ufl.edu 352-273-7954

LOCATION

Our dental center is located on the UF campus, part of the UF Health complex at the west entrance, on the first floor.

Maxillofacial Prosthetic Clinical Services is in room D1-13, in the UF Health Faculty Dental Practice suite.

UF HEALTH DENTISTRY

MAXILLOFACIAL PROSTHETICS

removable prosthetics for your patients.

UF COLLEGE OF DENTISTRY MAXILLOFACIAL PROSTHETICS

Our services center around providing fixed and removable prosthetic rehabilitation of congenital, developmental and acquired defects due to trauma or disease.

We specialize in a team-based, interdisciplinary approach to achieve prosthetic rehabilitation as well as management of patients undergoing radiation and chemotherapy.

Our center is on the first floor of the UF College of Dentistry, at the west entrance of the UF Academic Health Center complex.

We work closely with medical professionals at all surrounding community hospitals as well as private practitioners.

We look forward to working with you.
