<p>Student Roundtable</p>	<p>Class of 2020: Sterilization- student checking out instruments under the wrong students. CAD-CAM clinic, stability of the clinic is not helpful, often scheduled when Juniors are not available to assist, and the issue seems to be communicated as existing because there is not an assistant to help the faculty run the clinic.</p> <p>Class of 2021: Students share their frustration with acquiring perio approvals for charting POEs and COEs. Additionally the students would like to have better explanation about their grades when faculty work with them. Finally, students also expressed frustration with not being able to take half-days off from clinic. Perio residents show up late for clinic in 3A.</p> <p>Class of 2022: Students do not understand that they are to only use the user form for shadowing and not adding the assist code count).</p>	<p>2020: Richelle will work with Sterilization, and will follow-up on the newly released budget</p> <p>2021: Dr. Tanaka is calibrating faculty to help with the discussion with students about grading. There is talk of calibrating team leaders for COE-POE charting.</p> <p>2022: . Students will not be getting any RVUs for assisting this summer, even if the codes are being approved (they</p>
