Report on the Financial Statements

We have audited the statements of net position, statements of revenues, expenses, and changes in net position, and the statements of cash flows of Faculty Associates, Inc. (the Corporation), a component unit of the University of Florida, as of and for the years ended June 30, 2019 and 2018, and related notes to the financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Corporation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of June 30, 2019 and 2018, and the changes in financial position, and cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Corporation's basic financial statements. The supplementary information on page 13 is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated September 23, 2019, on our consideration of the Corporation's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on effectiveness of the Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

Summary

	2019	2018	Change	Percent Change
Income	\$ 20,678,750	\$ 20,395,791	\$ 282,959	1.39%
Total Expense	(391,031)	(359,220)	(31,831)	8.86%

Change in Net Position	\$ 2,763,719	\$ 3,641,571	\$ (877,872)	24.11%

Starting January 1, 2019, clinical revenues generated through patient care at that site accrued to the college instead of the federally-qualified health center that previously managed the practice.

ECONOMIC FACTORS AND CHANGES IN BUSINESS

The following economic factors are expected to have an impact on operations during the fiscal year that will end June 30, 2020.

- In mid-January 2020, the college will launch UF Health Dentistry at Wildlight in Yulee, FL located within the UF Health Ambulatory Care Center. This six operatory dental clinic will include general dentistry, hygiene, oral and maxillofacial surgery, orthodontic and endodontic services, and pediatric dentistry once fully staffed and operational. Significant investments in equipment and travel will be made in FY20; however, it is expected that growth will be slow during FY20 since this is a brand new practice starting from scratch.
- University mandates continue to impact transfers and clinical expenditures. For instance, transfers have increased in amount as the University has become more stringent about balances in PeopleSoft. Similarly, University mandated raises and bonuses result in increased salary expenditures for faculty and staff. These are expected to continue in FY20.
- Staffing challenges, especially for clinical staff like dental assistants, is expected in FY20 with the low unemployment rate and competitive wages in area private practices. Retaining key clinical staff will be important for the practices.
- A strong national, state, and local economy is expected to positively impact the Corporation, Inc. Select fees will be raised in FY20. There continues to be a focused effort to improve collections and reduce bad addresses and the amount of accounts sent to collections; this should continue to have a positive impact on clinical revenues and collections across the enterprise.

The Corporation was formed primarily for the purpose of enhancing the quality of dental education at the University of Florida and is a component unit of the University of Florida.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are reported on the accrual basis of accounting. These financial statements are entirely those of the Corporation alone and, accordingly, are not intended to present the financial position or the results of operations of the University of Florida. The Corporation was determined to be "governmental" under guidance provided by the Governmental Accounting Standards Board (GASB) Statement No. 29.

Under GASB Statement No. 35, for financial reporting purposes, the Corporation is considered a special purpose government engaged only in business-type activities.

Classification of Revenues

The Corporation classifies its revenues as operating or non-operating according to the following criteria:

- **Operating Revenues**

- **Non-Operating Revenues**
Include activities that have characteristics of non-exchange transactions, such as investment income.

Net Position

The Corporation's net position is classified as follows:

- **Unrestricted**
The Unrestricted component of net position represents funds that are not restricted for any purpose and available for current operations. All of the components of net position for the Corporation are considered unrestricted.

NOTES TO FINANCIAL STATEMENTS
FACULTY ASSOCIATES, INC.
GAINESVILLE, FLORIDA

Accounts Receivable

Accounts receivable are reported net of an allowance for uncollectible accounts. The allowance for uncollectible accounts is established by charges to income through the provision for uncollectible accounts.

The allowance is based on experience, third party contracts, and other circumstances, which may affect the ability of patients to meet their obligations. Receivables are considered impaired if full principal payments are not received in accordance with the contractual terms.

Accounts are considered past due after 120 days and are to be sent to a collection agency at that time. Accounts totaling \$670,180 and \$1,047,099 have been sent to collection agencies during the years ended June 30, 2019 and 2018, respectively. It is the Corporation's policy to charge off all uncollectible accounts receivable that become two and one-half years old.

Revenues

Revenues are derived principally from professional fees charged to patients through the faculty practice, graduate, and undergraduate clinic of the University of Florida Health Science Center and the University of Florida Dental Clinics at St. Petersburg, Hialeah and Naples. Professional fees are recorded on the accrual basis of accounting at the estimated net realizable amounts to be received from patients, third party payers, and others for services rendered.

Expenditures

Expenditures are recognized on the accrual basis of accounting. Payment of salaries and purchases of equipment and supplies are accomplished through the University of Florida Transfers from Component Units Fund.

Donated Services

The Corporation occupies space at the University of Florida College of Dentistry and is assisted by employees of the University. These expenses are paid out of component unit funds that are reported outside of the Faculty Practice.

Income Taxes

The Corporation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

It is the policy of management to evaluate its tax positions on an ongoing basis and to disclose any such positions it believes would have a material impact on the financial statements and related notes. Management also believes that no such required disclosures currently exist.

The Corporation is subject to U.S. federal or state income tax examinations for the previous three years. If applicable, the Corporation would recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expense.

NOTES TO FINANCIAL STATEMENTS
FACULTY ASSOCIATES, INC.
GAINESVILLE, FLORIDA

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

Substantially all of the Corporation's receivables are unsecured and a significant portion of the Corporation's revenues are subject to contractual arrangements with third parties. Significant changes to the provisions of those contracts could have a material effect on the Corporation's profitability.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Faculty Associates, Inc. (the Corporation), component unit of the University of Florida, as of and for the year ended June 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated September 23, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph in this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
