Our Speaker

Edward Ginsberg, DDS, is a 1982 graduate of the University of Maryland School of Dentistry, and also completed pediatric dental specialty training at Maryland in 1984. He is the founding partner of the Smiles4Children pediatric dental group practice, with locations in Catonsville, Ellicott City and Eldersburg, Maryland.

Dr. Ginsberg is a clinical associate professor in the Division of Pediatric Dentistry, in the Department of Orthodontics and Pediatric Dentistry at the University of Maryland School of Dentistry, and has been teaching residents since 1985. He is a member of the medical staffs at Johns Hopkins, Sinai, and UMROI hospitals.

A Diplomate of the American Board of Pediatric Dentistry, Dr. Ginsberg has been an examiner for the oral clinical examination since 2008, and is presently the chair of the Oral Clinical Examination. He is a member of the Johns Hopkins Craniofacial Team and an examiner for the sedation committee of the Maryland State Board of Dental Examiners.

Dr. Ginsberg is a fellow of the American College of Dentists, International College of Dentists, and the American Academy of Pediatric Dentistry. Also, he is a life member of OKU and past president of the Maryland Academy of Pediatric Dentistry and the Maryland Society of Dentistry for Children.

President's Message

Dear Colleagues,
It's a great pleasure to announce the 17th annual Continuing Dental Education series sponsored by the Department of Pediatric Dentistry and PedoGators, Inc.

The UFCD pediatric dental residency training program takes enormous pride in its past accomplishments while building toward the future challenge of educating dentists to serve the children of our state and nation. We hope you will join us!

Sincerely,
Robyn Lesser, DMD
President, PedoGators, Inc

- Please call the hotel directly to make your reservations.
- Identify yourself as attending the 2020 PedoGators CE program.

Registration deadline for hotel: September 15, 2020

Clinical Practice of Evidence-Based Pediatric Dentistry

This presentation includes clinical cases from over 35 years of private pediatric dental practice:

- Primary and permanent tooth trauma
- Partial pulpotomy of immature permanent teeth
- Re-attachment of fractured permanent teeth
- Space maintenance
- Vital and non-vital pulp therapy of the primary dentition
- Treatment of occult caries of the permanent dentition
- Enamel microabrasion
- All phases of treatment of caries from conservative to aggressive

The presentation covers interdisciplinary treatment for conditions such as congenitally missing teeth, regional odontodysplasia, and dentinogenesis imperfecta, and the hospital treatment of medically-compromised patients. Dr. Ginsberg also intersperses practice-management pearls from group practice.

Course Objectives

1. Provide an understanding of appropriate treatment of trauma for primary and permanent dentition.
2. Familiarize participants with evidence-based indications and contraindications of vital and non vital pulp therapy in the primary dentition
3. Provide guidance for coordinating multiple dental specialties in the long term treatment of complex dental conditions.
4. Understand how the medical management influences your treatment with medically compromised patients.
5. Appreciate the importance of customer service patient treatment.

Lecture is worth 6 hours of CEUs through the ADA CERP Program
