| Proposals | DEN5XXX-Essentials of Patient Care 1 DEN6XXX-Essentials of Patient Care 2 Request to fully approve the Care One Pilot rotation in DEN7012: Interdisciplinary Service | Dr. Echeto presented the course topics for the Essentials of Patient Care Course in Semester 1 and Semester 5. Dr. Pereira asked about another course in Semester 3. Dr. Gibbs requested that the Care One pilot rotation be approved in the core curriculum due to positive student response and participation in this IPE rotation. She also requested that the rotation extend throughout the 3DN year, Summer/Fall/Spring. Time of 2 half days would be unchanged. | Dr. Echeto will review the proposals and sequencing to best guide student progress into their assigned patient care. Motion: Approve the Care One pilot rotation be in the core curriculum and for the current 2 half days to be distributed across the 3DN year. (Dilbone, Akileh). Approved |
