<b>Proposals</b>	Hospital Dentistry for Adults with Developmental Disabilities Clinical Rotation Elective  Orthodontics request to move competency assessment from DEN7819L to DEN7452C.  Administer DEN7417C:Orofacial Pain without the clinical lab sessions in Summer 2020.	Dr. Soto shared a proposal and syllabi for a new hospital dentistry elective serving adults with developmental disabilities.  G. Childs reviewed a proposal from the Department of Orthodontics and Dr. Neubert to transfer the competency assessment from DEN7819: Clinical Orthodontics to DEN7452C: Fundamentals of Pediatric Dentistry.  Dr. Widmer offered to teach DEN7417C: Orofacial Pain without the 3 clinical peer labs as part of the online transition. In discussion, the Committee appreciated Dr. Widmer's willingness to provide DEN7417 in a block cycle without the clinical lab components so the students could receive grades in the course. There was consensus among the members to integrate the lab, perhaps in DEN7819L	<b>Motion:</b> Approve this elective in concept (Ribeiro/Akileh). Dr. Soto and Dr. Garvey will finalize the syllabus for final approval.  <b>Motion:</b> Approve relocation of the orthodontics competency assessment from DEN7819 to DEN7452C. <b>Approved.</b>

	<p>Administer DEN6407C:Preclinical Operative Dentistry II in Fall 2020 Semester 4.</p> <p>Administer DEN6408C:Preclinical Operative Dentistry III Spring 2021 Semester 5.</p>	<p>so that all students could experience rather than transition it to an elective course. For one student member this was the only instruction in occlusal splits as he did not fabricate one in the clinics.</p> <p>Dr. Riberio proposed in our continue online transition to delay DEN6407C from Summer Semester 3 to Fall Semester 4.</p>	<p>The OAA will work with the Department of Orthodontics in scheduling the clinical/ laboratory sessions in DEN7819L.</p> <p><b>Motion:</b> Approve the delay of DEN6407C to Fall Semester 4. (Gonzalez/Caudle) <b>Approved.</b></p> <p>Defer this proposal until the Fall semester is drafted.</p>
