Old Business/New Business	<p>Committee Leadership Update:</p> <p>Clinical Affairs Update:</p> <ul style="list-style-type: none"> • Class of 2022- BLS training is being scheduled by OAA for between now and 3/31/21 • SimLab practice hours go until 11:00 PM- Some students have been circumventing the system so that they may continue to access the area afterhours, this is not permissible, Aubrie offered to pass the information along to her class. Dr. Migliorati is meeting with the C/O2024 this evening. 	

AGENDA	Discussion	Action
--------	------------	--------

	<ul style="list-style-type: none"> • BBP exposures: The COD pays for the initial testing, and any follow-up treatment/visits/activities are to be paid for by the student's health insurance. This is why you must have health insurance while at UF, and UFCD. Dr. Gibbs offered that often students will age out of their parent's coverage and do not realize that they will need health insurance while in dental school. • 1st/2nd Year COVID vaccinations: Dr Gibbs is working with Christina Perez to try to open up the offering of vaccinations to 1st and 2nd year students. Some are going to an outside vendor (Publix). Dr. Corsaro reminded everyone that they need to update their MyChart with the information and we would like them to also notify Christina Perez. Dr. Gibbs reminded everyone to make sure the follow-up dose is completed at the same site and with the same type of vaccine. <p>IT updates:</p> <ul style="list-style-type: none"> • eRx: Fully live now, and we have turned off the old prescribing module. This is now the only way to do paper prescription. • Question for Stephen: Not enough VMware desktops in axiUm for the Endo course. <p>Class of 2021:</p> <ul style="list-style-type: none"> • Nothing right now, very focused on boards and grateful for all the help from everyone. <p>Class of 2022:</p>

	<ul style="list-style-type: none">• Need clarification for the SOS course expectations for this semester. They are getting some mixed responses from OS. Dr. Migliorati instructed the students to get clarification from OS, Dr. Hardeman.• Question regarding pairing. Dr. Dilbone and company are working on this answer for the class.• Question about Orange/Blue- Dr. Migliorati shared that the dean is working with all of us on the answer to this question.• Question about how to address fees in the grad programs. Instructed that when referring a patient to the specialist it is best to let the specialist complete their own exam and treatment plan to discuss fees. When referring internally, the only reference the predoctoral program can provide is that the predoctoral program fees are roughly 30%-50% lower than the fees in the region, including the fees from our specialty practices. <p>Class of 2023:</p> <ul style="list-style-type: none">• Nothing additional at this time, <p>Faculty Rounds:</p> <ul style="list-style-type: none">• None offered
