DEN8321: Dental Practice Management

Fall 2021

Course Description:

Evolving economic factors have contributed to a broader range of dental practice models than in the past. With additional changes in the legal environment, legislative arena, population shifts, reimbursement reductions, the digital era, and skyrocketing overhead costs, it is more important now (more than ever) that dental students understand the business side of dentistry. This course will provide senior DMD students with a foundation of the principles of Dental Practice Management as a critical component of their dental education.

I. General Information

Course Director:

Annelise Y. Driscoll, MBA, PhD
Office: Tampa (not in Gainesville)
Office Hours: (via Zoom or Cell) Mon.-Thurs. 12:00pm-4:00pm

Support Staff

II. Course Goals

This course will be grounded on theories and practices of business management which will develop dental students’ professional business skills, acumen and leadership. With the goal of producing well-rounded dental students with both clinical and business excellence, this course will better prepare dental students to become both clinicians and business men and women.
III. Course Overview

This course includes lectures, independent reading, team-based case study review, the use of in-class technologies, and assignments, to include:

- Construction of a Personal Debt Profile and Financial Plan
- Cultivating a Professional Identity through a CV, Cover Letter and LinkedIn Profile
- Case Study Review of Laws & Legal Compliance in the Dental Practice
- Case Study Review of OSHA, HIPAA, and/or Emergency Preparedness Considerations for Dental Practice
- Senior Professional Day with 5 Guest Speakers (Dentists) sponsored by UF’s Continuing Dental Education Office
- Construction of a Practice Purchase Decision Matrix Project

IV. Course Outline

DEN8321 is designed to create an engaging online learning environment in which contemporary dental practice management foundational principles are taught through 14 fundamental areas. These 14 areas (listed below) will provide the necessary information for dental students to become more effective private practitioners and business men and women. This course covers the first 9 fundamental areas.

The 14 fundamental areas are:
1. Personal Finance-Debt, Credit Scores & Impact
2. Professional Identity & Reputation Management
3. Florida Dental Practice Act, Laws & Rules
4. Dental Career Models & Legal Entity Choices
5. OSHA & HIPAA for Dentistry and Disaster Preparedness Planning
6. Senior Professional Day-5 Guest Speakers
7. Dental Leadership
8. Insurance (Personal & Professional) & Practice Models
9. Buying, Building, or Renovating (with Leasehold Improvements) a Dental Practice
10. Associateships
11. Dental Practice Marketing
12. Human Resources & Staffing
13. Practice Financials & Operational Overhead
14. Employment Law for Dentists
V. Course Material

Required Textbook

All students will be required to purchase the textbook for this course by the first lecture (L-1). It is:

Optional resource:

HSC Dental Library Guide

VI. Course Objectives

The course objectives are designed to provide a foundation of business knowledge, acumen and leadership skills that will increase the dental student's education in a more comprehensive manner. Teaching dental students dental practice management from an academic, business-based curriculum should enable the graduating student to become a more confident, professional, decisive, and effective dental practitioner and potential business owner. While this is the main objective of this course, each of the 14 fundamental areas (see Course Outline) to be taught, contain their own topic-specific objectives.

DEN8321 Fall Semester Schedule

Module 1 (L-1): Personal Finance-Debt, Credit Scores & Their Impact

Objectives:

1. Correlate the importance of credit scores and their relation to your future finances by viewing the information on future loans/credit ratings and interest rates charged.

1. Compare and contrast career options available to dentists through different models and sectors of dentistry
2. Illustrate the options for loan repayment programs offered post-graduation
3. Analyze the anticipated compensation packages associated with different career options
4. Synthesize the above information with the legal entity types the IRS offers dentists, their levels of asset protection both personally & professionally
5. Discuss the option of individual incorporation for DMD students

Measurable Outcomes:

- Module 4: Quiz (Summative Assessment)

Reading:

Business Basics for Dentists, Section 2, Ch. 6, Pg. 61-72, Ch. 11 Pg. 129-140 & Section 4, Ch.23-25, Pg. 353-378, And Any Additional Materials in Canvas

Module 5 (L-5) - OSHA & HIPAA for Dentistry & Practice Disaster Planning

Objectives:

2. Differentiate the Roles & Responsibilities for OSHA Compliance as DMD Associate Employee vs Dentist Owner.
5. Differentiate the Roles & Responsibilities for HIPAA Compliance as DMD Associate Employee vs Dentist Owner.

Measurable Outcomes
● Assignment (Summative Assessment)
● Module 5: OSHA Case Study Assignment

Reading:
Business Basics for Dentists, Section 2, Ch.8, Pg. 87-100, Section 3, Ch.22, Pg. 319-352 & Section 4, Ch.22, Pg. 319-352, And Any Additional Materials in Canvas

Module 6 (L-6)- Dr. Frank Collins Senior Professional Day Lecture

Objectives:
1. Discuss the pros & cons of post-graduation dental practice
2. Integrate the information into DMD D4s future post-graduate practice plans
3. Encourage self-directed D4s aspirations of post-graduate opportunities.

Measurable Outcomes:
● Daily Activities (Formative Assessments)
● Module 6: Senior Professionalism Day Attendance
● Module 6: Senior Professionalism Day Speakers’ Evaluations

Module 7 (L-7)- Dental Leadership

Objectives:
1. Correlate effective leadership with an engaged team through theoretical models and case examples.
2. Illustrate the impact of leadership styles, types, and traits through evidence-based studies and data.
3. Review communication strategies for team effectiveness.
4. Align dental leadership and communication strategies with positive patient experiences which lead to enhanced, large treatment case acceptance.
5. Correlate the above with practice financial viability and growth through experiential learning & evidence-based data.

Measurable Outcomes:

● None for this module

Readings:

Articles in Canvas

Module 8 (L-8)- Insurance & Practice Models

Objectives:

1. Recommend insurance products available for individual dentists to purchase
2. Assess the cost estimation of choosing different types of individual insurance policies for a dentist
3. Apply the above information to the DMD student’s budgeted expenses currently & post-graduation
4. Compare and contrast the different contracting options for insurances to accept within a dental practice
5. Analyze the pros and cons of the reimbursement structure of each insurance type
6. Apply the reimbursement structure to the cash flow within a practice
7. Formulate an image of which insurance type correlates with what dental practice model
8. Describe the professional practice model best suited to its associated insurance model

Measurable Outcomes:

● Module 8: Quiz

Readings:

Business Basics for Dentists, Section 3, Ch. 16-17 & 21, Pg. 199-228 & Pg.277-318, And Any Additional Materials in Canvas

TOTAL = 100%

Attendance

Students on rotation are expected to view the recorded class on Mediasite and complete the daily assignments, quizzes, individual assignments, and group projects as instructed. All students, including students on rotation, are expected to complete assignments on time.
There is mandatory attendance for Senior Professional Day in Spring and attendance will be taken. In the event of a documented emergency the student will be expected to complete a 5 question essay, minimum of 5000 words. Students on a pre-excused rotation will "attend" by watching the recorded lectures on Mediasite. Analytics will be pulled from the system to ensure that they have fully watched each video.

Students cannot pass the course without attending the classes, attending/or successfully completing the Senior Professionalism Day requirements, successfully passing the Final Competency Exam or make up exam). Final course grades will be calculated with a .05 tolerance (example: a score of 94.95 or above would round to 95%.)

**Course Remediation**

If a student does not pass this course they must meet with the Course Director and complete a 5000 word essay. The questions will be based on Course Director Discretion.

**Competency Remediation**

If a student does not pass the final exam competency they must attempt another competency examination within the week. If a student does not pass a/one final exam competency question, they must attempt, and pass, another competency exam question within a week in order to pass the course and graduate.

**IX. Administrative Practices**

Administrative practices for all UFCD courses are universally applied. Exceptions to or deviations from these practices are stated in the individual syllabi by the course director. When not individually stated in the syllabus, course administrative practices default to those identified under "Course Policies" on the DMD Student Website:

https://dental.ufl.edu/education/dmd-program/course-policies/

**X. Grade Scale**

DEN8321 Grade Scale

Method Letter Grade
Scale 100
Tolerance 0.05 (Final letter grades within this range will be rounded up.)
A 95 - 100
A- 90 - 95
B+ 86 - 90
B  82 - 86
B-  80 - 82
C+  74 - 80
C  72 - 74
E  0 - 72
