Title

Continuing Dental Education Courtesy Discount Policy

Policy

This policy applies to Faculty, Staff, Residents and Students.

All courtesy discounts are on a space available basis. Interested parties will be waitlisted and advised of approval to attend seven days prior to course. Waitlist is processed in first come, first served order.

Faculty, Staff, Residents and Students includes all full & part-time faculty and staff, adjunct faculty, courtesy faculty, residents and fellows/interns for eligible courses.

Ineligible courses and exceptions listed below.

This applies to UFCD and all state (Florida) University system schools, including Community Colleges.

Exceptions

This does not apply to non-UFCD students.

*Exceptions have to be approved by the Director of CDE

CEU Credit for Presenters

In response to inquiries and after polling the members of the ACDE (Association for Continuing Dental Educators), UF Continuing Dental Education is implementing a policy that will enable course presenters to receive CEU credit for the material they present for UF CDE in recognition of the time devoted to research and preparation, based on the following guidelines:

1. Presenter must request the CEU credit in writing. (Email is acceptable)
2. Course material must be at the presenter's professional level or above, i.e. dentists would not receive credit for courses specifically for allied dental health but would receive credit for courses that include allied dental health, as well dentists.
3. Credit for a course will only be issued once in a license renewal cycle biennium, i.e. if a presenter gives the same course twice in the two year renewal cycle, s/he will only receive credit once.
4. Credit will only be given for the actual number of hours presented, e.g. in a 12 hour multi-speaker program, each presenter will only receive credit for the portion of the program s/he presents.
